

The Quantech® Authorized Contractor Program

Your customers count on you to keep them comfortable by ensuring that their chiller is always working reliably and is replaced quickly when necessary. By becoming a Quantech® Authorized Contractor, you can continue to support your customers throughout the lifecycle of their Quantech chiller - through start-up, maintenance and warranty work - and you will maintain the training and expertise required to be their service firm of choice.

Here's how to become one of this select group:

1. Contact your Quantech Sales Representative, who will sponsor your participation in the Quantech Authorized Contractor Program.
Find your Quantech Rep under the Support tab at www.quantech-hvac.com
2. Participate in a skill assessment to identify training needs.
3. Complete the self-guided web-based training program and final exam.
4. Receive your authorization and be added to the Authorized Contractor list. Authorizations will need to be renewed annually to ensure that you are up-to-date on all of the current technology.

About the Quantech Authorized Contractor Training

Quantech Authorized Contractor Program training consists of self-guided reading assignments and web-based training modules that can be completed at your own pace and on your own schedule.

The web-based training modules cover:

- The components of the QTC2, QTC3 and QWC3 scroll chillers
- The process for safely starting up the chiller
- Maintenance and troubleshooting recommendations
- How to read the chiller's PIN
- The technical literature available – checklists, IOMs, parts guides – and where to find it
- Safety procedures
- How to get technical support

Get started today!

Quantech chillers - the quickest way to cool

Quantech brings something new to your business. Efficiency and dependability are delivered in days, not weeks, and on your customer's schedule, not a factory's. And Quantech chillers are available with the features, efficiency and capacity your customers need.

Please note:

- Authorization is awarded to individuals, not to companies
- There is no charge for becoming a Quantech Authorized Contractor
- Contractor Authorization will be for Quantech scroll-based products only at this time
- Free first year labor warranty included when unit start-up is performed by a current Quantech Authorized Contractor
- Parts and labor warranty reimbursement is included. Contact your Quantech Rep for details

 **Fast.**  **Efficient.**  **Dependable.**
